WAR IN UKRAINE

On 24th February 2022 Vladimir Poutine started the war in Ukraine. The Russian army has fought against the Ukrainian army since then.

Women and children have fled the country. European countries welcome Ukrainian refugees. Some families have been welcomed in Aveyron and in Espalion. At school, food and daily products have been collected.

The NATO countries won't go to war against Russia to avoid a 3rd world war and the nuclear weapon.

The countries of the European Union and the United States of America try to find diplomatic solutions.

the pan

Put the flour in the bowl.
Break the eggs . Add the sugar and the oil.

Pour the milk little by little.
Pour some« crêpes »dough in a hot frying pan.
Bake and turn the pancake in the pan.

Eat the « crepes » with jam, sugar, chocolate, honey, strawberries...

The six Nations tournament :

The 6 Nations tournament, created in 1910 as the "5 Nations tournament" (Italy was included in 2000) started in February and ended in March.

France came first with 5 victories and no fail and completed a « Grand Chelem », France had been waiting for this for 12 years. On Saturday 19th March, France won against England !

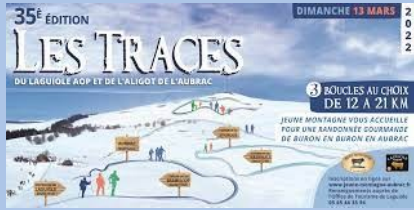

A French Project:

In the French class, we created a very artistic description of ourselves. With an artist in Street-Art, we discovered different techniques of painting. With our French teacher we wrote a text about each of us. Then we chose keywords which best defined us. Finally we matched our portrait with the keywords. As a conclusion ? We got a portrait of us covered of words we chose. It was a very good experience.

« On the Laguiole cheese way »

Every year in March, on the Aubrac montain a walk is organised to celebrate the cheese Laguiole. 3 parts are possible : 1,8 miles, 2,7 miles, 3,1 miles.

On the way, you can discover the beautiful landscapes on Aubrac ; you can eat and drink typical food in « burons » : they are small houses made of stones where people used to make cheese in the summer years ago. And at lunch-time you can eat a delicious « aligot » : mashed potatoes with melted cheese. Locally it is a very popular day with many participants !
